| Welcome & Introductions     | Suzanne gave a brief welcome, and thank you for everyone attending the committee meeting. She explained what the group parameters will be and the goals for the summer sessions, as well as the creation of a student advisory board, and upcoming topics.  
   The group went around the table and gave brief introductions. Each participant gave an overview of how their work or daily interactions with students was impacted by an aspect of AOD.  
   Emily discussed the principles of prevention and protective factors. She discussed and gave examples of these as well as risk factors that could lead to high-risk behavior.  
   There was a question regarding the reliability of survey data that is tied to a student's NetID or email address. The group discussed data validity, and how to identify that there is a subset of the UConn undergraduate population that are abstainers from alcohol and other drugs.  
   Eileen touched on support materials and gave a background on prevention strategies that have proven effective.  
   The group discussed takeaways and what they would like to see more of in subsequent meetings.  
   The group adjourned.  |  |
| Next Meeting Date          | June 19th           |  |
