Welcome & Re-Cap | Suzanne presented Alessia Satterfield, Assistant Director, Community Standards who will be presenting on Community Standards and their processes. |  
Community Standards Presentation | Alessia presented on *Community Standards: The Student Code and Threat Assessment*. Her presentation included information on Community Standards and the resources they provide. She gave detailed information on the Student Code and expectations for members of the student body.

Alessia presented and discussed Student Code provisions around alcohol and other drugs. Statistics regarding sanctions in the 2016-2017 academic year were presented.

Information regarding educational initiatives were presented. Alessia discussed the *Living Your Values* workshop and the positive feedback received by students who take part in this initiative. Alessia provided information regarding the workshop: it was developed in-house by Community Standards and they have since brought it to Quinnipiac University and are collecting data. A discussion occurred regarding the overall continuum between *Living Your Values* and BASICS and MAPP.

A discussion occurred regarding referrals, and the collection of baseline data around students at risk, capturing the accurate amount of students that require assistance, and closing the loop between departments to ensure the students get the assistance they require.

Alessia presented on Community Standards’ Student Care Team. She discussed the multidisciplinary team that works with CMHS, UCPD, and Residential Life. The team meets on a weekly basis and operates on a referral basis.

Next Meeting Date | 10/16/2018 – Agenda to include presentations on: Counseling and Mental Health Services, Transport Review Processes, and Know U Well Nurse Coaching Wellness Visits. |
